CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1. At the beginning of each academic session, college prepares its proposed academic calendar, which is uploaded in the college website. The proposed academic calendar is prepared according to the notices and circulars received

from the affiliating university. 2. Routine committee of the college prepares the master routine for all programmes and circulates it to different departments at the beginning of each academic session. Routine is prepared strictly in accordance with the number of credit points mentioned in the prescribed syllabus of each course offered by the departments. 3. Based on the master routine, every department prepares its own departmental routine and conduct meetings for allotment of classes and syllabus distribution among the teachers. Students are given details of teaching assignment of each teacher at the beginning of a session by the department. 4. Departmental teachers prepare their "teaching plans" according to the number of lectures allotted in the university syllabus for each topic. 5. Along with the traditional chalk and talk method, a few departmental teachers use power-point projections during the lectures to demonstrate topics. 6. Class tests/surprise test and student seminars are held after completion of a section of the syllabus and periodic review of performance of students is undertaken. 7. Field tours are organized by Departments of Geology, Botany, Zoology and physiology to ensure effective implementation of the prescribed curriculum. 8. Orientation programme is organized every year for newly admitted students to make them aware of the mechanism for curriculum delivery and implementation. 9. In total there are 21 departments. Honours courses are offered in 16 subjects, general course are offered in 20 subjects and one of the departments is Automobile maintenance which is unique in Vidyasagar University. PG course in Sanskrit is also there in regular mode.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>There is a formal mechanism to obtain feedback from students on a regular basis. The feedback is also obtained from the students and the remaining stakeholders and their views are considered to bring in the appropriate timely changes in the system. During the reformation of the curriculum university invites the representative from the college to put forward the view on behalf of all the stakeholders of the Institute. The senior faculty would participate from the institution and share the feelings of all the stakeholders, which would help in enriching the curriculum and to bring the new changes in the syllabus and the environment. Effective Feedback encourages the instructor, improving motivation and stimulating increased effort. Both the tone of feedback and the context in which it is given have both been shown to be important for determining effectiveness. It helps learners to maximize their potential at different stages of training, raise their awareness of strengths and areas for improvement, and identify actions to be taken to improve performance. The most effective leaders actively seek feedback to enhance their performance. Feedback can also be highly motivating and energizing. It has strong links to employee satisfaction and productivity. People like to feel involved and identified with their organization. Effective leaders have good listening and emotional awareness – they understand the impact that their behaviour has on others. When staff receives little feedback they tend to be self-critical or self-congratulatory as they are relying upon events rather than specific feedback to measure their performance and impact. The purpose of this Policy is to provide a framework for obtaining, summarizing and documenting information on student and stakeholder perceptions of the quality and effectiveness of the Institute’s curriculum for use in program evaluation,</p>

accreditation and other academic quality assurance processes and activities. The scope of this Policy covers all the programs run by Bajkul Milani Mahavidyalaya. 1. The feedbacks are collected from the entire stakeholders including students, teachers, employers, employers, parents and alumni by website notifications, conducting various meetings, get-together, reunion, farewell and so on through the acceptance of formal feedback report from students. 2. The feedbacks from the students are carefully taken and analysed in terms of grade based evaluation on different parameters like syllabus completion, teaching and learning techniques, efficiency, initiatives, punctuality, disciplines and performance from the end of teachers in concerned department. 4. Teacher-in-charge conducts specific interval based meeting with member of teaching staff to take necessary steps for the improvements of teaching quality, syllabus completion and performance-related proposals analysed from the student's feedbacks. 5. Teacher's feedback on teaching-learning, evaluation, infrastructure and facilities, programmes regarding academic development, etc. are also taken as per annual basis. 6. Regular (semester/ annual basis at least once) teacher-guardian meetings are arranged after/ before internal examination during every academic session to improve the attendance and performance of the students, to justify the roles of parents, department and institution for student's development, to get the advice regarding academic and infrastructural development of the institution, etc. 7. Every department takes measure to ensure the implementation of proposals and overcome the drawbacks recognized from the student and parent feedback analysis. 8. Facility and resource related proposals derived from different meetings with students, staff, alumni, guardians, etc. are discussed in Governing Body meeting and the outcomes are intimated to the various subcommittees for its proper enforcement.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Yes. Student Mentoring System is adopted in the Institution. This enables bridging gap between the Teachers and Students. This creates a better environment in the college, where students can approach teachers for both educational and personal guidance. It is happening in monthly or as per necessary and submitted report through class teacher of each section/ semester to mentor coordinator. It motivates students to attend holistic activities like placement, programme and technical symposium in inter-intra College. The system provides guidance/suggestions for the slow learners. The system is run up in following ways: 1. At the beginning of the academic session, the classwise names of the mentors are selected in the departments. The mentors are responsible for academic progress and psychological wellbeing of their mentees. They are also entrusted with the task of monitoring the attendance and academic progress of the students. They also provide primary psychological counselling to those who need them and refer them for more professional counselling, if required. At the beginning of the academic session, the mentors conduct orientation programmes for the mentees, whereby they are acquainted with the institution, its goals and mission, the facilities available and the regulations of the affiliating university. The mentors maintain the biographic details of each individual mentee including their educational background and socioeconomic status. They also maintain record of their class attendance, class performance and academic progress. The mentors use both formal and informal means of mentoring. 2. In each department teacher-student relationship is maintained as good as possible. Weaker students are identified by the relevant departmental teachers and are taken into intensive interaction to encourage in study. Brilliant students are recognised by the departmental teachers and are encouraged to higher study. In this case the identified students are stimulated to use library resources they are informed about different admission test for admission to higher institution. Students are made aware of reference books, Journals and research areas of the concerned disciplines by the teachers. This is done by the teachers in time of face to face discussion with the students after classes. 3. The college runs three NSS units where students can attend different seminars, lectures, awareness camp and various social welfare programmes. These steps are useful for monitoring the students in social activities and developed their social responsibilities. 4. Some departments conduct classroom seminar for the students which helps the students to improve their potentialities. 5. Some departments arranged parent-teacher meetings for mentoring the students properly. 6. Remedial classes are arranged in vacations. 7. Students are also inspired to attend the seminars organised by nearby institutions and organizations. 8. In the Automobile Department camping is arranged each year where major part of the students of Automobile Maintenance course is absorbed in jobs of reputed companies. 9. College arranges carrier counseling programme for students of all disciplines. 10. College with its own effort offers spoken English Courses to the interested students. 11. There is a minority cell which makes the minority students aware of different Government facilities as well as scholarships

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

1. According to the university curriculum internal assessment of the students is done through the written examination. In each academic session internal examination is taken two times. Some departments conduct surprise tests give students assignments, home tasks. Students are regularly stimulated to use library reading room as resource for preparation of assignment tasks. Class room seminars are arranged in some departments where students deliver lectures on the topics according to their own choice. According to the university syllabus there are project works in some subjects. The departmental laboratories are well decorated for the students to serve this purpose. In case of field studies college helps the students to go to nearby coastal areas as well as remote areas for conducting the field study. 2. Record of class attendance is strictly maintained for each student to be able to present in the internal assessment. Marks obtained in the class test, in the internal assessment and also the evaluated answer scripts are displayed to the students. This initiative is very effective in motivating the students in the process of their learning. 3. As per the University rules and regulations end-semester/ end term examinations and valuations are conducted to enhance the knowledge and skills of the students. It has included in the courses of study, skill oriented programs like evaluating assignments, internship, investigative projects, applied aspects of the theory, fabricating and assembling of new equipments, industrial training and seminars, for Continuous Internal Assessment. 4. At the beginning of the academic session students were oriented about the continuous internal evaluation. They were informed how much they should obtain in order to be eligible for the end term examination. As per the needs of fulfilment, the College laid equal importance of the performance of the students in every categories of the assessment. According to the convenience of the concerned teacher Class tests are conducted regularly. Students who are found to be exceptionally weak are given special attention and are made to reappear the same test until they could improve. Assignments, Seminars and Project Works are another major evaluation wherein students are made to perform either individually or in group. The College also gives special attention on Group discussion, Field trip/ excursion and other curriculum activities so as to make the students engage themselves in cognitive learning, learning through exposure, learning through peer review etc. The implication of various teaching method is to supplement the theoretical method of teaching learning process and through this process, Internal Evaluation system is assisted.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250

words)

1. Our college, Bajkul Milani Mahavidyalaya is affiliated to Vidyasagar University, one of the state universities in West Bengal. Since, we have under the affiliation of it, we must have to obey the basic rules and features of the Academic Calendar made of and provided by the mother university. Hence, following the university academic calendar, our college prepares a separate academic calendar alongwith the Holiday List for every year. Generally, each session starts with UG and PG classes in the months of July and August according to the guidelines of Vidyasagar University. 2. Accordingly we schedule tentative internal assessment dates for both UG and PG courses, tentative date regarding form fill up. Internal Assessments are conducted centrally involving concerned departments in the process. College informs students about the university notices and circulars related to examinations from time to time through students' notice board, college website and also departmental notice board and also verbally by the faculty members of the respective departments. All the departments conduct Internal Assessment of students and students are well informed regarding the Internal Examinations by the departmental Teachers. 3. Within two months from the new session, class tests and pre-final examination are scheduled in the academic calendar. Two class tests/ internal examination/ assessments for UG/ PG throughout the session in every paper are arranged and conducted. Yet, extra class tests are continued till the end of the session. 4. As per rule of Vidyasagar University examination pattern, Internal Assessment like class test and Mid-term test are arranged by every department of the college as per university calendar. Beside this, many departments organize Pre-Final Test for both UG and PG students at the last moment of every academic year or during study leave before Final Examination/ End Semester/ End Term Examination. Generally, Pre-final examinations are conducted in the next February (UG Part-III), March (UG Part-II) to April (UG Part-I) for UG (Annual Pattern) and November-December (Sem-I, III V) and May-June for PG.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization is having a significant impact on policy, planning and management. It is a means of improving the efficiency of education system and the quality of educational service. Since no institution can run smoothly both in academic and administrative sphere until all the stakeholders are included in the governance process. Our Institution practices decentralization and participative management. In this context, though Principal/ Teacher-in-Charge and the president of the GB are the sole authority of the institution, however, they do not take any decision in their own rather they send the matter to various committees for unanimous decision. And this short of practice can be treated as Democratic Decentralization for Academic (DDA) excellence in a rural college like us. Students are empowered to play an active role in co-curricular and extracurricular activities, and socio-cultural services. The institution

promotes a culture of participative management by involving the staff and students in various activities. There are different committees such as Grievance cell, women Cell, NSS, NCC, IQAC, mentoring, etc. in which students and teachers participate and take active part. The College core committee formulates common working procedures and entrusts the implementation through departments. The department or committee in charge manages the activities of the department and keep track of co-curricular and extracurricular activities in the College. Other units of College like sports, library, students council also operates under the guidance of the various committees and also students are involved in the decision making process to some extent. Mechanism of DDA: The institute continued with decentralization practices and participative management a various level described as follows. Institute has vision and mission which are futuristic in nature. They satisfy the needs of society through involvement of each one in the process. The governance comprising of Governing Body (GB), College Development Committee (CDC), Academic Committee, Finance Committee, Internal Quality Assurance Cell (IQAC), etc. play significant role in the evolutionary reforms towards positioning the Institute in the preferred list of all stake holders. The Institute believes in promoting a culture of delegation of powers through strategic policies. The Principal of Institute is assisted by HODs, Administrative Head, Section in charges and coordinators of various cells/ committees in decision making process of the Institute. Faculty and staff are assigned with the roles and responsibility to work in a harmonious environment with complete transparency. IQAC has a well developed process to ensure quality benchmarks of academic and administrative activities. The Institute maintained the culture of retention of Faculty and hence has an edge of senior and dedicated Faculty for realizing its Vision. Institute follows recruitment policies and service conditions as per the rules and regulations of regulatory authorities. Based on the Vision and Mission of the Institution, Quality Policies are framed and driven by the needs of the corporate world, society and stakeholders. Institute has a perspective plan developed by Principal and HOD's with suggestions of IQAC and GB. Deployment of the quality policy is done by providing requisite academic infrastructure, learning environment and harmonious work culture. Student's surveys and feedback from all the stakeholders plays vital role in framing and revising policies. Internal Quality Assurance cell (IQAC) formulates perspective plan taking into consideration inputs from all stake holders. This plan is presented and deliberated in Institute Development Committees under the chairmanship of Principal to get consensus. This plan is forwarded to the governing body for approval. The Institution policy believes involvement of all staff in decision making and implementing the decentralized decision policy. To streamline the same, various committees at Institute level are formed which look after academic and administrative activities which lead to the realisation of vision and mission of the Institute. In reference to DDA, the institution follows the following practices throughout the year: 1. Formation of different committees once in every three years by the GB from the teacher, non-teaching staff and students wings and reshuffled if needed. 2. Arrangement of regular meeting on various agenda and the minutes of the meeting are recorded accordingly in a specific resolution book. 3. The resolutions taken in the meeting are discussed with the Principal and de-facto Chairman of all the committees and urgent matters are referred to the GB for final decision making. 4. Decisions taken in the various committees are implemented accordingly within stipulated time.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Abha Maity was an eminent social activist from this area who was instrumental in establishing this college in 1965. The vision of the College includes aims to provide knowledge of the highest standard and achieve excellence. To foster the spirit of love, compassion, universal brotherhood and patriotism through the ideal of tolerance of diversities within the society and thus fulfil the institution's motto, "Learn and Shine". To facilitate holistic development of the younger generation, which includes physical, mental and spiritual wellbeing moral values are taught and practised in the College campus. The students get requisite lessons that keep their minds ignited for seeking knowledge and are motivated to do well in every sphere of their life. The Vision of the college focuses on essentially aspects like National Standards, Value-based Education, Interdisciplinary Research, Disciplinary Teaching-Learning, Interdisciplinary and Community-Environmental Criss-cross Programmes and Sustainable Development.

The Institute has established its distinctive approach towards this comprehensive Vision Excellence in Academics and Exploration of Knowledge with Broad Vision and Social Responsibility. Participation of students in Co-Curricular Activities (CCA) and Extra Curricular Activities (ECA) like workshops, Technical talks, Training Programs, Industrial Visits, social welfare programmes helps to enhance all rounded personality to strongly face the turbulent road of the future. Experiences and appreciations gained through these activities assist students during internships. Career guidance, Personal counselling, Training are well structured through a Mentoring Training and Placement. The Institute's determination to be transformed into a centre for academic excellence is therefore a commitment to offer high quality teaching.

There is an effective mechanism for maintaining discipline, nurturing leadership abilities, exposing hidden talents of the students and punctuality. Extracurricular activities are conducted in the College which gives a platform to the students to display their talents and potentialities. And in this regard, clubs based on variety of activities have been formed. Each student has been assigned a club based on his/her preference so as to encourage their interest besides the academic. The College also consists of various committees which look after the welfare of the students and cater to their needs. The Mentoring Programme that has been initiated by the College has also made a positive impact especially on the personal development of the students. The close relationship formed between the mentor and the mentees has helped the students to feel connected to the College as a member of the fraternity and not

just as a mere student with a daily class routine. In the process of the mentoring, the mentors are able to learn more not only about their personal interests but also about the challenges that they face both as a student and as a member of the society.
