CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1. At the beginning of each academic session, college prepares its proposed academic calendar, which is uploaded in the college website. The proposed academic calendar is prepared according to the notices and circulars received from the affiliating university. 2. Routine committee of the college prepares the master routine for all programmes and circulates it to different departments at the beginning of each academic session. Routine is prepared strictly in accordance with the number of credit points mentioned in the prescribed syllabus of each course offered by the departments. 3. Based on the master routine, every department prepares its own departmental routine and conduct meetings for allotment of classes and syllabus distribution among the teachers. Students are given details of teaching assignment of each teacher at the beginning of a session by the department. 4. Departmental teachers prepare their "teaching plans" according to the number of lectures allotted in the university syllabus for each topic. 5. Along with the traditional chalk and talk method, a few departmental teachers use power-point projections during the lectures to demonstrate topics. 6. Class tests/surprise test and student seminars are held after completion of a section of the syllabus and periodic review of performance of students is undertaken. 7. Field tours are organized by Departments of Geology, Botany, Zoology and physiology to ensure effective implementation of the prescribed curriculum. In every academic session institution organizes a general study tour. 8. In Addition to the 21 under graduate programmes and one PG programme, institution started a vocational course, ITI, affiliated to NCVT from this academic session. 9. Institution started receiving online admission application from this session. 10. Institution allows option for online complaint from the student as well as direct student-communication through SMS

.4 – Feedback System	
1.4.1 – Whether structured feedback received from	om all the stakeholders.
Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

11

There is a formal mechanism to obtain feedback from students on a regular basis. The feedback is also obtained from the students and the remaining stakeholders and their views are considered to bring in the appropriate timely changes in the system. During the reformation of the curriculum university invites the representative from the college to put forward the view on behalf of all the stakeholders of the Institute. The senior faculty would participate from the institution and share the feelings of all the stakeholders, which would help in enriching the curriculum and to bring the new changes in the syllabus and the environment. Effective Feedback encourages the instructor, improving motivation and stimulating increased effort. Both the tone of feedback and the context in which it is given have both been shown to be important for determining effectiveness. It helps learners to maximize their potential at different stages of training, raise their awareness of strengths and areas for improvement, and identify actions to be taken to improve performance. The most effective leaders actively seek feedback to enhance their performance. Feedback can also be highly motivating and energizing. It has strong links to employee satisfaction and productivity. People like to feel involved and identified with their organization. Effective leaders have good listening and emotional awareness - they understand the impact that their behaviour has on others. When staff receives little feedback they tend to be self-critical or self-congratulatory as they are relying upon events rather than specific feedback to measure their performance and impact. The purpose of this Policy is to provide a framework for obtaining, summarizing and documenting information on student and stakeholder perceptions of the quality and effectiveness of the Institute's curriculum for use in program evaluation, accreditation and other academic quality assurance processes and activities. The scope of this Policy covers all the programs run by Bajkul Milani Mahavidyalaya.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

1. According to the university curriculum internal assessment of the students is done through the written examination. In each academic session internal examination is taken two times. Some departments conduct surprise tests give students assignments, home tasks. Students are regularly stimulated to use library reading room as resource for preparation of assignment tasks. Class room seminars are arranged in some departments where students deliver lectures on the topics according to their own choice. According to the university syllabus there are project works in some subjects. The departmental laboratories are well decorated for the students to serve this purpose. In case of field studies college helps the students to go to nearby coastal areas as well as remote areas for conducting the field study. 2. Record of class attendance is strictly maintained for each student to be able to present in the internal assessment. Marks obtained in the class test, in the internal assessment and also the evaluated answer scripts are displayed to the students. This initiative is very effective in motivating the students in the process of their learning. 3. As per the University rules and regulations end-semester/ end term examinations and valuations are conducted to enhance the knowledge and skills of the students. It has included in the courses of study, skill oriented programs like evaluating assignments, internship, investigative projects,

applied aspects of the theory, fabricating and assembling of new equipments, industrial training and seminars, for Continuous Internal Assessment. 4. At the beginning of the academic session students were oriented about the continuous internal evaluation. They were informed how much they should obtain in order to be eligible for the end term examination. As per the needs of fulfilment, the College laid equal importance of the performance of the students in every categories of the assessment. According to the convenience of the concerned teacher Class tests are conducted regularly. Students who are found to be exceptionally weak are given special attention and are made to reappear the same test until they could improve. Assignments, Seminars and Project Works are another major evaluation wherein students are made to perform either individually or in group. The College also gives special attention on Group discussion, Field trip/ excursion and other curriculum activities so as to make the students engage themselves in cognitive learning, learning through exposure, learning through peer review etc. The implication of various teaching method is to supplement the theoretical method of teaching learning process and through this process, Internal Evaluation system is assisted.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

1. Our college, Bajkul Milani Mahavidyalaya is affiliated to Vidyasagar University, one of the state universities in West Bengal. Since, we have under the affiliation of it, we must have to obey the basic rules and features of the Academic Calendar made of and provided by the mother university. Hence, following the university academic calendar, our college prepares a separate academic calendar alongwith the Holiday List for every year. Generally, each session starts with UG and PG classes in the months of July and August according to the guidelines of Vidyasagar University. 2. Accordingly we schedule tentative internal assessment dates for both UG and PG courses, tentative date regarding form fill up. Internal Assessments are conducted centrally involving concerned departments in the process. College informs students about the university notices and circulars related to examinations from time to time through students' notice board, college website and also departmental notice board and also verbally by the faculty members of the respective departments. All the departments conduct Internal Assessment of students and students are well informed regarding the Internal Examinations by the departmental Teachers. 3. Within two months from the new session, class tests and pre-final examination are scheduled in the academic calendar. Two class tests/ internal examination/ assessments for UG/ PG throughout the session in every paper are arranged and conducted. Yet, extra class tests are continued till the end of the session. 4. As per rule of Vidyasagar University examination pattern, Internal Assessment like class test and Mid-term test are arranged by every department of the college as per university calendar. Beside this, many departments organize Pre-Final Test for both UG and PG students at the last moment of every academic year or during study leave before Final Examination/ End Semester/ End Term Examination. Generally, Pre-final examinations are conducted in the next February (UG Part-III), March (UG Part-II) to April (UG Part-I) for UG (Annual Pattern) and November-December (Sem-I III) and May-June (Sem-II IV) for PG.

The primary responsibility of the College for developing the College infrastructure lies within the Governing Body of the College. Under its direction the College Administration avails funds from the University Grants Commission and other Agencies by which the necessary developmental works are done. In terms of the College Library, books are arranged in simple but systematic manner to help the user locate the books easily. Information regarding the arrival of new resources are circulated to all the departments and also posted on the notice board in the Central Library as part of the Current Awareness Service. In order to provide speedy and efficient service, library cards are issued to the students. Periodic upgradation of books and journals are done according to the needs of the students and faculties of various departments. Recognizing the importance of IT as a complementary process in education the College is committed to upgrading its IT infrastructure and associated facilities on a regular basis. The purchase of hardware and upgradation of software is need based. The College administration in coordination with the ICT Committee makes plans and decides on strategies regarding this matter. Students of our college get various facilities like laboratories, classrooms, library and computers. Also they are allowed to use vast play ground, cycle stand, beautiful pond, drinking water etc free of cost. There are different sub-committees like building committee, laboratory subcommittee etc to look after these facilities. Laboratory: 1. Laboratory assistants of each lab based department maintain a stock register to keep track of instruments and accessories of that department. 2. Instruments are checked periodically by lab attendant with guidance from teachers to keep them ready for experiments. 3. Upagraded and newly required instruments or equipments as per curriculum enrichment/ upgradation by university are provided to the departments in accordance with their needs and demands. Here, Lab committee plays a vital role to maintain the matter. Classrooms: 1. The college has a different committee for maintaining class rooms. At the beginning of the academic session, the HOD submits proposal to the principal as per requirement of classroom and furniture. 2. New classrooms were added for increasing number of students. Also departmental rooms were provided to the departments which were earlier housed in the common staff room. 3. The existing seminar hall was decorated and renamed as Vivekananda seminar hall. 4. 6 new LCD facilities classroom are fitted in this year to convert more smart class room. 5. Regular cleaning of classroom is done by the sweeping staffs. Library: 1. The requirements and list of books is taken from the HOD of the concern department at the beginning of the session. 2. In the library books are available for both U.G and P.G courses. 3. The librarian is the head of library and he is supported by assistant librarian and support staff. 4. The reading places in the library are available for both students as well as teacher. The library staffs help the students for searching and leading off the books in the library. 5. Around 36 thousand text books, almost 3.5 thousands reference books and 28 journals are available in the central library. 6. Also every department has established a departmental library to encourage reading habits of the students and teachers. Books are borrowed by the students from their respective departmental libraries as well. Computers: 1. Every department has got computers to meet their official requirements. 2. The computers are maintained in the institution by the computer sub-committee of the college. The committee has appointed a higher electrical technician for maintaining various problem such as hardware, software and equipments network with internet connectivity etc. 3. Aidnifotech Software is used for digitally maintaining faculty and students details. 4. BSNL Broadband connection is provided in the computers. Sports: 1. Various sports competitions in the college level are organized in every academic session by the students union/ council and an attended in great numbers by both the students as well as the teachers. 2. Existing indoor sports facility, different play courts, gymnasium, playground and various types of instruments, equipments and items are systematically maintained by the

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization is having a significant impact on policy, planning and management. It is a means of improving the efficiency of education system and the quality of educational service. Since no institution can run smoothly both in academic and administrative sphere until all the stakeholders are included in the governance process. Our Institution practices decentralization and participative management. In this context, though Principal/ Teacher-in-Charge and the president of the GB are the sole authority of the institution, however, they do not take any decision in their own rather they send the matter to various committees for unanimous decision. And this short of practice can be treated as Democratic Decentralization for Academic (DDA) excellence in a rural college like us. Students are empowered to play an active role in co-curricular and extracurricular activities, and socio-cultural services. The institution promotes a culture of participative management by involving the staff and students in various activities. There are different committees such as Grievance cell, women Cell, NSS, NCC, IQAC, mentoring, etc. in which students and teachers participate and take active part. The College core committee formulates common working procedures and entrusts the implementation through departments. The department or committee in charge manages the activities of the department and keep track of co-curricular and extracurricular activities in the College. Other units of College like sports, library, students council also operates under the guidance of the various committees and also students are involved in the decision making process to some extent. Mechanism of DDA: The institute continued with decentralization practices and participative management a various level described as follows. Institute has vision and mission which are futuristic in nature. They satisfy the needs of society through involvement of each one in the process. The governance comprising of Governing Body (GB), College Development Committee (CDC), Academic Committee, Finance Committee, Internal Quality Assurance Cell (IQAC), etc. play significant role in the evolutionary reforms towards positioning the Institute in the preferred list of all stake holders. The Institute believes in promoting a culture of delegation of powers through strategic policies. The Principal of Institute is assisted by HODs, Administrative Head, Section in charges and coordinators of various cells/ committees in decision making process of the Institute. Faculty and staff are assigned with the roles and responsibility to work in a harmonious environment with complete transparency. IQAC has a well developed process to ensure quality benchmarks of academic and administrative activities. The Institute maintained the culture of retention of Faculty and hence has an edge of senior and dedicated Faculty for realizing its Vision. Institute follows recruitment policies and service conditions as per the rules and regulations of regulatory authorities. Based on the Vision and Mission of the Institution, Quality Policies are framed and driven by the needs of the corporate world, society and stakeholders. Institute has a perspective plan developed by Principal and HOD's with suggestions of IQAC and GB. Deployment of the quality policy is done by providing requisite academic infrastructure, learning environment and harmonious work culture. Student's surveys and feedback from all the stakeholders plays vital role in framing and revising policies. Internal Quality Assurance cell (IQAC) formulates perspective plan taking into consideration inputs from all stake holders. This plan is presented and deliberated in Institute Development Committees under the chairmanship of Principal to get consensus. This plan is forwarded to the governing body for

approval. The Institution policy believes involvement of all staff in decision

making and implementing the decentralized decision policy. To streamline the same, various committees at Institute level are formed which look after academic and administrative activities which lead to the realisation of vision and mission of the Institute. In reference to DDA, the institution follows the following practices throughout the year: 1. Formation of different committees once in every three years by the GB from the teacher, non-teaching staff and students wings and reshuffled if needed. 2. Arrangement of regular meeting on various agenda and the minutes of the meeting are recorded accordingly in a specific resolution book. 3. The resolutions taken in the meeting are discussed with the Principal and de-facto Chairman of all the committees and urgent matters are referred to the GB for final decision making. 4. Decisions taken in the various committees are implemented accordingly within stipulated time.

6.1.2 - Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	This college being an affiliated college of Vidyasagar University follows the time frame and curriculum prescribed by the University. Academic calendars, teaching modules are framed to ensure that lectures are of high quality and meet the time schedule. Teachers receive procedural and practical support from the college and university in implementing the curriculum. Problems, if any, for implementation of the same are brought to the notice of respective Board of studies and other University authorities for redressal. Institution makes also a distinct plan and formula for the curriculum development and implementation following the university provided frame and fixture. Every department is ordered to make a plan at the beginning of the session for university provided curriculum implementation and development for its smoothness of running throughout the year. For the smooth flow of the syllabus, teachers are made to submit their lesson plan for every semester. The IQAC ensures quality in Curriculum development through regular meetings among the teaching staff regarding academic affairs and collecting feedback from various stakeholders.
Teaching and Learning	The college brings out an academic calendar at the beginning of every academic year. For each year the teaching plans are prepared by the teachers based on the subject

allotment. Internal tests are conducted to evaluate the students and the schedule of tests is incorporated in the academic calendar itself. The teachers of most departments make use of chart, model, graphs, diagrams, notes, model questions, projector, overhead projector, black board, white board, computer, power point, modules,

reference books etc. Educational excursion, field work and industrial visits are also part of the evaluation system. Enhancement of learning skills of the Students through participation in different seminars. Regular feedback is obtained from students for improving teaching learning method. We are using LCD, ICT tools to enhance the quality of teaching and learning. 1.Semester/ Section Pre-commencement Preparations

	<pre>handled by him/her by senior/competent faculty 3. Inspiring towards FDPs for faculties of different departments organized by various institutions 4. Motivating the faculties towards research works/ activities, publication and other innovative works, etc</pre>
Examination and Evaluation	The College follows the semester system as per the directives of the Vidyasagar University. The College also complemented continuous assessment of student's performance through internal test, assignments, project works, attendance, seminars, end semester exam, etc. with the traditional written examination. The external evaluation process is done in accordance to the performance of the students during the end term exam. The Examination Cell of our college prepares the schedule for Internal Assessment Test (IAT) as per the academic calendar and question paper setting is done according to the norms of university. Besides this, the Annual Examination system (BA Part- III), CBCS Examination system (B.A./B.Sc./M.A./M.Sc.) is followed as per arrangement made by the University.
Research and Development	To enhance the teaching quality the teaching faculty were constantly motivated to take up research work. i) The college has a planning sub- committee, a development sub-committee and library sub-committee to meet the needs of researchers especially in the new and emerging areas of research. ii) As per decision of the development committee, the college has constructed the new infrastructure for science laboratory so that the researchers/ faculty members can avail themselves of the facilities for their research. iii) Increasing the number of computers with internet connections. iv) As per decision of the financial sub- committee, the college has increased the amount of fund to the allotted for the central library for purchasing more books subscribing to more journals.
Library, ICT and Physical Infrastructure / Instrumentation	Library: Necessary equipments infrastructure are supplied to library as and when wanted. 1. Parent-Teacher's meeting constitute other best practices of the college, which are aimed at addressing students' needs and general welfare. Parents are encouraged to visit and interact with the departmental teachers in order to check the progress/performance of their wards. 2. Mentor meeting is conducted for the students by both of the individual faculty/ department and also college to ensure the improvement in academics and co-curricular activities. The purpose of this meeting is to conduct the SWOT (Strength, Weakness, Threats and Opportunities) analysis of students. 3. Many points of agenda were discussed during the meeting to improve the College in many areas like infrastructure,

discipline, extracurricular activities and performances of the students. The College always invites suggestion for improvement from the parents and the stakeholders and the feedback obtained from them are always given due importance. 4. Communication of views which the students were hesitant to share to the teachers about the College and the department through the parents. Hence, each department in the institution conducts parent teachers meeting once to twice in a session to obtain the feedback of their Wards to improve the quality of education. 5. Interpersonal interaction also took place between the parents and the concerned subject teachers out of which the parents were able to find out about their ward's attendance record and their performance in the recently concluded examination.

6.5.3 – Development programmes for support staff (at least three)

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Abha Maity was an eminent social activist from this area who was instrumental in establishing this college in 1965. The vision of the College includes aims to provide knowledge of the highest standard and achieve excellence. To foster the spirit of love, compassion, universal brotherhood and patriotism through the ideal of tolerance of diversities within the society and thus fulfil the institution's motto, "Learn and Shine". To facilitate holistic development of the younger generation, which includes physical, mental and spiritual wellbeing moral values are taught and practised in the College campus. The students get requisite lessons that keep their minds ignited for seeking knowledge and are motivated to do well in every sphere of their life. The Vision of the college focuses on essentially aspects like National Standards, Value-based Education, Interdisciplinary Research, Disciplinary Teaching-Learning, Interdisciplinary and Community-Environmental Criss-cross Programmes and Sustainable Development. The Institute has established its distinctive approach towards this comprehensive Vision Excellence in Academics and Exploration of Knowledge with Broad Vision and Social Responsibility. Participation of students in Co-Curricular Activities (CCA) and Extra Curricular Activities (ECA) like workshops, Technical talks, Training Programs, Industrial Visits, social welfare programmes helps to enhance all rounded personality to strongly face the turbulent road of the future. Experiences and appreciations gained through these activities assist students during internships. Career guidance, Personal counselling, Training are well structured through a Mentoring Training and Placement. The Institute's determination to be transformed into a centre for academic excellence is therefore a commitment to offer high quality teaching. There is an effective mechanism for maintaining discipline, nurturing leadership abilities, exposing hidden talents of the students and punctuality. Extracurricular activities are conducted in the College which gives a platform to the students to display their talents and potentialities. And in this regard, clubs based on variety of activities have been formed. Each student has been assigned a club based on his/her preference so as to encourage their

interest besides the academic. The College also consists of various committees which look after the welfare of the students and cater to their needs. The Mentoring Programme that has been initiated by the College has also made a positive impact especially on the personal development of the students. The close relationship formed between the mentor and the mentees has helped the students to feel connected to the College as a member of the fraternity and not just as a mere student with a daily class routine. In the process of the mentoring, the mentors are able to learn more not only about their personal interests but also about the challenges that they face both as a student and as a member of the society. To open job-oriented courses and introduce need-based subjects for the advancement and upward mobility of the students towards globalization: Private ITI has been introduced in this institute from the session 2015-16. Two courses are running successfully viz. Electrician and Fitter. So far nearly 200 students have passed these courses with nearly 100 placement records. As a result local candidates have found employment opportunities leading to successful careers in the technical fields.
